## ZONAL EDUCATION OFFICE - MANNAR

GRADE - 06
2018

* Answer all the questions

## PART - I

1) How many axes of symmetries does a circle have?
2) Using each of the digits 5, 3, 2 and 8 exactiy once and writedown the smallest number
3) In the number 756 what is the place value corrsponding to the position of 5
4) write the earliest number of 600
5) Simplify $12 \times 4$
6) Express $6.15 \mathrm{p} . \mathrm{m}$ in standard form
7) 

08) What is the opposite direction of North
09) Muitiply $1.5 \times 1000$
10) Fill in the box by using $<,>$,

11) Write 78 rounded off to the nearest multiple of ten
12)

Name the type of angle seen in the figure
13)
(a) Write $\frac{2}{10}$ in decimal
(b) Write it in words
14) 43050800500
a )Write the above number in standard from
b) Write in words.
15) divide $1025 \div 5$
16) If a bus starts its Journey from Mannar at 10.30 am and reached Jaffna at 1.30 pm find the time duration of that Journey
17) $21,25,29, \ldots \ldots \ldots \ldots ., \ldots \ldots \ldots .$. write the next two numbers
18) Howmany seconds are their in one hour
19) Father's one day in come is 600 and mother's one day 450 ruppies if. Their one day expendifure is 730 ruppiesHow much they will save per day?
20) Write 2 features of number lines.

```
                        PART - II
01)
House
Temple
plant
- Well
School
(remember the group work you did with the help of your maths teacher)
1) How many main directions? What are they
2) Write the sub directions
3) name the instrument used to identify direction
4) Name the type of angle in between two main directions
5) Which is located to the east of plant
6) Which is located to the west of house
7) In what direction house is located from well
8) In what directon school is located from temple
\[
(2 \times 2+2+2+2+2+2+2=16 \text { Marks })
\]
D2) 654378
1) Write in standard from
2) Write the method of reading this number
3) What is the value represented by 4
4) What is the place value corresponding to the position of 5
5) Write the number in to number zone
\[
(2+3+2+2+2=11 \text { Marks })
\]
03)
```

1) Write down the number represented by $P$
2) Write down the number represented by $Q$
3) $S=-1$ mark ' $S$ ' on number line
4) Write $P, Q, R, S$ in ascending order according the value they represent.
5) Using '<' or ' $>$ ' in $P-Q$

$$
(2+2+2+3+2=11 \text { Marks })
$$

4) a) Rounded of the given numbers to the nearest multiple of ten
5) 77
6) 55
7) 32
8) 96

$$
(2+2+2+2=8 \text { Marks })
$$

b) When Rounded of the number of students in a classroom it is 30

1) Write the minimum number of students in the classroom
2) What is the maximum number of students in the classroom
3) Simplify
4) $\begin{array}{r}364 \\ +205 \\ \hline\end{array}$
5) $\begin{array}{r}2456 \\ 1792 \\ \hline\end{array}$
6) $\begin{array}{r}7794 \\ -\quad 2645 \\ \hline\end{array}$
$\qquad$

$\qquad$

7) $576 \div 9$
8) $240 \times 100$
(11 Marks)
9) 

1) Write down the time denoted by the above clock
2) Wirts todays date in stanard form
3) Express 7.24 pm in to standard from
4) How many minutes in 1800 secounds
5) Add
6) Subtrac

|  | Day | Hours |  |
| :---: | :---: | :---: | :---: |
| 4 | 22 |  | Minate |
| 26 | Scond |  |  |
| + |  | - | 37 |
|  | 18 |  | 14 |

$$
(2+1+2+2+2+2=11 \text { Marks })
$$
